

Kier Construction London Newsflash

Kier Construction London Board's SHE Award for August 2012

I am pleased to announce that the first site to receive the Kier Construction London Board's SHE Award goes to the Menorah School team.

This award will be presented every 2 months by the KCL Board to the site team, who in their opinion best performed against set criteria for Safety, Health and Environment.

The award recognises the hard work and commitment by our staff and subcontractors in providing an accident free environment on all our sites.

Mark Pengelly, (KCL MD) and Indi Muttucumaru (SHE Director) presents the KCL Board's SHE Award to the Menorah School Team
August 2012 Winners

The August 2012 winner and the first recipients of the KCL Boards SHE Award goes to Menorah School
Mark Pengelly commented:

"The Menorah School team has achieved an excellent safety record and have implemented an uncompromising attitude to all SHE matters. The site is presented as a clean, tidy and organised place of work. All sites should aspire to meet this standard"

I am sure you will all join me in congratulating the site team in achieving this well deserved award.

Indi Muttucumaru
SHE Director
