Labour Hire and Builders work

With the benefit of structured training we are able to provide multi-skilled, competent labour.

- Site Managers
- Trade Foremen
- Craftsmen
- Gangers
- Waste Management Operatives
- General Operatives
- Fire Marshals
- Hoist Drivers
- Banksmen
- Forklift Drivers

S.R. McHugh also provides builders work services such as, brick and block work erection, fire stopping and general joinery as required.

We use only qualified personnel with City & Guilds, NVQ or equal qualifications.

Site Accommodation

Maintaining a properly motivated workforce is key to the successful conclusion of a construction project.

We protect this objective through the provision by carefully selecting our employees, ensuring they are correctly trained and providing only the best operatives for the job at hand.

When it comes to facilities, we provide only the most secure, fully equipped and highly functional sites.

Sites include high quality office accommodation, on-site canteens, toilets, drying rooms and many other facilities depending on the task at hand.

These facilities are serviced by us to uphold the high quality site environment.

Our workforce include cleaning and catering personnel to meet the needs of the project and if required, include full catering facilities as well as any other tailored customer requirements.

Hoarding and Enabling Works

Choose S.R. McHugh to ensure certainty from the outset of the construction project.

Our expertise is recognised by leading developers and our turnkey service is trusted for fast and efficient site preparation, including access routes, security fencing, ramps and signage.

We liaise with temporary services contractors to ensure power and water is readily available, a site necessity.

Clients are assured of a well prepared, safe and fully functioning site delivered within deadline and ready to support future development.

Waste Management

In the modern age it is considered to be unacceptable to send waste simply to landfill sites. As a testament to this, we use industry leading waste disposal contractors who send zero waste to landfill.

We are able to collect, accept and process every conceivable type of waste material to provide an efficient, cost effective and sustainable recycling service.

S.R. McHugh has the expertise to deliver its promises whether dealing with waste from the initial strip-out of a building or when handling waste generated by new works.

We are effective because we seek to understand the nature of the construction activity at the outset of the project and dedicate appropriately qualified staff to fulfill the waste management plan.

Traffic and Pedestrian Management

S . R . M c H u g h manages vehicular and pedestrian traffic to ensure the construction site operates safely and efficiently.

Our personnel are available as a standalone service or as part of a site wide logistics solution.

This includes scheduling, delivery control and the implementation and maintenance of required signage both externally and internally on-site.
